

Extended outings

Boat - Leaving Cairns - photographer: Ruth Read

As part of the many types of outings on offer, NPAQ holds a variety of Extended Outings each year. Extended Outings run for a minimum of five days and are usually three to five weeks in length.

An outing that recently took place is the trip to South-Western National Parks of Western Australia September 24 - October 13.

Watch this space for an upcoming report detailing all the fantastic places that the Members visited along with some pictures showing the great scenery that was on offer.

Next year promises more exciting Extended Outings options, check the Events Calendar for updates or contact the NPAQ office for more information (07) 3367 0878 or administration@npaq.org.au
